Tana - Mark could help with resources too, depending on the dates.

A handwritten signature in blue ink, appearing to read "Wendy Adams", with a horizontal line underneath.

Hi Wendy,

I may be available in September and October. It depends on the dates.

Thanks

Mark

Region 9 is supporting two emergency response events right now, a typhoon in the Mariana Islands and the accidental Gold King mine release you've likely seen in the news. They are going to need our assistance. At this point they definitely need a Resources Unit Leader (RUL) , and they will likely need a Finance Section Chief (FSC). ***The work can be completed from your home base***, no need to travel anywhere at this point in time. Please let me know if you are/could be available to deploy for a couple of weeks during August and September and possibly October. We do not have a sense yet of how long either of these events will be, or how intensive it will be (full-time or part-time). I will follow up with those details as soon as I have more information. They are checking with their own folks as well. Please respond to me ASAP with your availability. Thank you for your support. RICT Chair Ann Williamson is contacting your managers and other senior managers in the Region to let them know about this need and request.
